

Student Information Questionnaire

1. Describe what the average student is like at your school in the following areas:
 - a. Economics?
 - b. Ethnic background?
 - c. Areas of interest?
2. Where do students like to go during their free time?
3. What is the best thing about your school? What is the worst thing? Why?
4. How would students from the next school district over describe the students from your school?
5. When you think in terms of the successes of your school, in what areas are you generally talking about?
6. If you could use a magic wand and fix (change) one thing at school, what would you wave the wand over?
7. On a scale of 1-10 how would most students at your school rate their interest in God (or knowing Him)? (1 – no interest. 10 completely interested.) How about you?
8. The message of Christianity is that God is knowable and that He wants us to know Him. Would you be interested in finding out how you could know Him personally?
